Questioned committee on whether or not they wanted to go to public for comments. Councilor commented that the MOE sets the program and that going to the public may be to no avail. Comments were made that the markets govern a lot of what happens and picked up. Councilor Trimm stated that maybe we should be meeting with community segments. Also we might want to look at strategies to possibly increase diversion. Councilor McBride stated it might be a good idea to go to the public and get feedback. Consensus was obtained that we submit the waste recycling strategy that was prepared by Mr. Hodson.
