Insurance

Before starting any work; the successful contractor will provide to the Township proof of insurance of 5 million coverage.

Valid WSIB Certificate.

GENERAL SPECIFICATIONS

1. These specifications apply to the supply and delivery of a new roof with the following specifications. Specifications not clearly defined herein shall be in accordance with good commercial practice and best quality suitable for the intended use.
2. The equipment specified herein shall be free from mechanical defects and/or design deficiencies that may affect their operation or serviceability.
3. Bidders are welcome to submit a proposal on alternative Roof type, and will be given consideration providing that the alternative roof type is judged to be in the best interest of the Township.
4. While these specifications are very specific with respect to detailed requirements, it is recognized that product development activity may have led to the availability of innovations in certain areas which, if incorporated in the units would improve the operation. Bidders are encouraged to submit such changes as alternate bids separate from the bid complying with the original specifications and acceptance of such alternate bids shall be at the discretion of the Township of White Water Region.
5. These specifications list only the major significant details of the material and labour required. It is the supplier's responsibility to provide the material and labour to complete the job as intended by the owner.
6. Where minimum or maximum requirements are specified, the materials offered must meet or exceed these requirements, unless what is offered as an alternative to the items specified is deemed by the TWP to be acceptable and meets the intent of the specifications.
7. In the event the bidders response to the item(s) specified is not clear as to compliance with the specifications, or is unanswered or unspecified, clarification may be requested by the T.W.P. of the bidder, such clarification to be provided in writing. Changes that affect the intent of the specifications or the price bid will not be acceptable.

8. All Labour and materials offered shall meet or surpass the mandatory requirements of the Building Code , Safety Regulations and the latest applicable recommended practices, where the use of such Labour and materials by the Township of Whitewater Region may be covered by these regulations.
