3.3 Permit must be Obtained

No person shall construct or demolish a building or change the use of a building or cause a building to be constructed or demolished or a change of use be made to a building unless a permit has been issued therefore by the Chief Building Official.

3.4 Revision to a Permit

After the issuance of a permit under the Act by the Chief Building Official, notice of any material change to a plan, specification, document or other information on the basis of which the permit was issued, must be given in writing, to the Chief Building Official together with the details of such change, which is not to be made without the written authorization of the Chief Building Official.

3.5 Revocation of a Permit

The Chief Building Official, subject to the provisions outlined in Section 8.-(10) of the Act, has the authority to revoke a permit issued under the Act.

4.0 THE APPLICATION

4.1 To obtain a permit, the owner or agent authorized in writing by the owner, shall file an application in writing by completing a prescribed form available at the offices of the Municipality from the Chief Building Official or from the Building Code website www.obc.mah.on.ca.

4.2 Every application shall be accompanied by the required application fee and shall be signed by the owner or an authorized agent, who shall certify the truth of the contents of the application.

4.3 Every application for a permit shall be submitted to the Chief Building Official and contain the following information:

(1) Where application is made for a building permit under Subsection 8(1) of the Act, the application shall:

(a) Use the provincial application form, "Application for a Permit to Construct Demolish"; and

(b) Include two (2) complete sets of plans and specifications, documents and other information as required by Article 2.4.1.1B of the Building Code and as described in this by-law for the work to be covered by the permit

(c) When Section 2.3 of the Building code applies, be accompanied by a signed acknowledgment of the owner that an architect or professional engineer, or both, have been retained to carry out the general review of the construction of the building.

(2) Where application is made for a demolition permit under Subsection 8(1) of the Act, the application shall:

(a) Use the provincial application form, "Application for a Permit to Construct of Demolish"; and

(b) Include two (2) complete sets of plans and specifications, documents and other information as required by Article 2.4.1.1B of the Building Code and as described in this by-law for the work to be covered by the permit; and

(c) When Section 2.3 of the Building Code applies, be accompanied by structural design characteristics of the building and the method and time schedule of the demolition.

- (d) Be accompanied by satisfactory proof that arrangements have been made with the proper authorities for the termination and capping of all water, sewer, gas, electric, telephone or other utilities and services.
- (3) Where application is made for a conditional permit under subsection 8(3) of the Act, the application shall:
- (a) Use the provincial application form, "Application for a Permit to Construct or Demolish";
 - (b) Include two (2) sets of plans and specifications, documents and other information as required by Sentence 2.4.1.1B of the Building Code and as described in this by-law for the work to be covered by the permit;
 - (c) State the reasons why the applicant believes that unreasonable delays in construction would occur if a conditional permit is not granted,
 - (d) State the necessary approvals which must be obtained in respect of the proposed building and the time in which such approvals will be obtained; and
 - (e) Agree in writing with the Municipality to comply with Section 8(3) of the Act.

4.4 Change of Use Permits

Every application for a change of use permit issued under subsection 10(1) of the Act shall be submitted to the Chief Building Official, and shall:

- (a) Describe the building in which the occupancy is to be changed, by a description that will readily identify and locate the building,
- (b) Identify and describe in detail the current and proposed occupancies of the building or part of a building for which the application is made,
- (c) Include two (2) complete sets of plans and specifications showing the current and proposed occupancy of all parts of the building, and which contain sufficient information to establish compliance with the requirements of the Building Code, including: floor plans; details of wall, ceiling and roof assemblies identifying required fire resistance ratings and load bearing capacities, details of the existing "sewage system", if any,
- (d) Be accompanied by the required fee,
- (e) State the name, address and telephone number of the owner,
- (f) Be signed by the owner or his or her authorized agent who shall certify the truth of the contents of the application.

4.5 Sewage System Permits

For every application for a sewage permit that is submitted to the Chief Building Official, the application shall:

- (1) Use the provincial application form, "Application for a Permit to Construct or Demolish";

- (2) Include complete plans and specifications, documents and other information as required under Article 2.4.1.1B of the Building Code and as described in this by-law for the work to be covered by the permit.
- (3) Include a site evaluation which shall include all of the following items, unless otherwise specified by the Chief Building Official:
 - (a) Include the date the evaluation was done;
 - (b) Include name, address, telephone number and signature of the person who prepared the evaluation; and
 - (c) Include a scaled map of the site showing:
 - i) The legal description, lot size, property dimensions, existing rights-of-way, easements or municipal/utility corridors;
 - ii) The location of items listed in Column 1 of Tables 8.2.1.6.A., 8.2.1.6.B. and 8.2.1.6.C. in the Building Code;
 - iii) The location of the proposed sewage system;
 - iv) The location of any unsuitable, disturbed or compacted areas;
 - v) Proposed access routes for system maintenance;
 - vi) Depth to bedrock;
 - vi) Depth to zones of soil saturation;
 - vi) Soil properties, including soil permeability, and
 - vii) Soil conditions, including the potential for flooding.
 - viii) Location of water supply or well.

5.0 PLANS AND SPECIFICATIONS

Sufficient information shall be submitted with each application for a permit to enable the Chief Building Official to determine whether or not the proposed construction, demolition or change of use will conform with the Act, the Building Code and any other applicable law."

Each application shall, unless otherwise specified by the Chief Building Official, be accompanied by two complete sets of the plans and specification

Plans shall be drawn to scale on paper, or other durable material shall be legible and, without limiting the generality of the foregoing, shall include such working drawings as set out in Schedule "C" to this By-law unless otherwise specified by the Chief Building Official.

5.1 The Site Plan

Site plans shall be referenced to an up-to-date survey and, when required to demonstrate compliance with the Act, the Building Code or other applicable law, a copy of the survey shall be submitted to the Chief Building Official. Site Plans shall show:

- (1) Lot size and the dimensions of property lines and setbacks to any existing or proposed buildings.

- (2) Existing and finished ground levels or grades.
- (3) Existing rights-of-way, easements and municipal services, and
- (4) Proposed fire access routes and existing fire hydrant locations.

6.0 PAYMENT OF FEES

Fees for a required permit shall be as set out in Schedule "A" & Schedule "B" to this by-law and are due and payable upon submission of an application for a permit.

Where the fees payable in respect of an application for a construction or demolition permit issued under subsection 8(1) of the Act or a conditional permit issued under subsection 8(3) of the Act are based on a floor area, floor area shall mean the total floor space of all storeys above grade (or below grade for an underground home) measured as the horizontal area between the exterior walls of the building and provided that where application is made for a conditional permit, fees shall be paid for the complete project.

Where fees payable in respect of an application for a change of use permit issued under subsection 10(1) of the Act are based on a floor area, floor area shall mean the total floor space of all storeys subject to the change of use."

Except as permitted for a Conditional Permit, all permit fees for permit applications received after work has begun shall be subject to a 20% surcharge.

6.1 Refunds

In the case of withdrawal of an application or abandonment of all or a portion of the work or the non-commencement of any project the Chief Building Official shall determine the amount of paid permit fees that may be refunded to the applicant, if any, in accordance with Schedule "A" attached to and forming part of this by-law.

7.0 NOTICE REQUIREMENTS FOR INSPECTIONS
