## BEACHBURG DRINKING WATER SYSTEM (DWS)

The Beachburg Drinking Water System (DWS) is scheduled to be placed under precautionary boil water advisory starting at 11:30 pm on Wednesday, February 8th, 2023. The Ontario Clean Water Agency (OCWA) and the Township of Whitewater Region are working with the Renfrew County and District Health Unit (RCDHU) and Ministry of the Environment, Conservation and Parks (MECP) to complete necessary maintenance to the drinking water system.

New pressure tanks are being installed at the Beachburg Water Treatment Plant that will require the plant to be isolated from the distribution system which will result in a temporary loss of water and may cause a pressure loss throughout the system. Work will be completed early on February 9th, 2023 to limit disruptions to users.

Please refer to the Township's website for more information regarding precautionary boil water advisory. Residents will be alerted when the precautionary boil water advisory is lifted by the RCDHU, OCWA and the Township once the work is complete.
