

June 9, 2022

Dear Resident,

The Township of Whitewater Region will be reconstructing Sturgeon Mountain Road in 2022. The project will be completed by Township staff and double surface treatment will be removed during the week of June 13th, weather depending. The construction will take place during the months of July and August with the hard surface completed this summer.

Project Description

The project limits consist of Sturgeon Mountain Road from Beachburg Road (County Road 21) to Zion Line. The 1.05km rehabilitation project scope of work consists of the following:

- Removal of double surface treatment
- Culvert replacement
- Minor ditching
- New granular base material
- Installation of a hard surface

Construction Location

The construction will take place within the Township's right-of-way but may result in some disruption to your private property. Lawns and driveways may be disturbed but will be reinstated as soon as possible at no cost to you. However, if you have any assets located within the Township's right-of-way that you want to preserve, we suggest that you relocate these items in advance of the construction work.

Road Closure and Traffic

Traffic delays can be expected as lane closures and flagging operations may take place during construction. Road closures and detours are expected during the construction. Road closures will be communicated by email and on the project website www.whitewaterregion.ca/projects. Road closure can also be viewed on Municipal 511 www.municipal511.ca.

Garbage and Recycling

Curbside garbage and recycling collection will remain the same practice, but staff may bring bags and containers to a central location for pickup. Your containers will be returned to your property after collection. We ask that you mark your address on any cans or containers.

Questions and Concerns

Township staff will take every precaution to minimize interruptions to the normal life of your family, but as you can appreciate, there may be some inconvenience during the construction.

Council and Township staff would like to thank you in advance for your patience with the construction project. If you have any concerns related to the project, please let us know by contacting the project manager noted below.
