Mr. A. Davison,
Beachburg, Ont.

Dear Sir:-

We enclose herewith a statement showing commission due you for your last remittance, and also commission due you for the one and one half marks as per enclosed statement, and your contingent commission with the London & Lancashire as per the enclosed statement. We would appreciate it if you would check these statements, and if our commission is in error, please be good enough to advise. According to this statement there is amount due you of £17.53.

We would also be glad if you would take credit for the amount you paid direct to the Dominion of Canada in December in payment of Mr. White's and Miss Beaupre's policies, or if you would be good enough to furnish us with this amount that we may obtain credit from the Dominion of Canada.

We would advise that the London and Lancashire have changed their commission arrangement, as they have found the former a fairly profitable business, and from the 1st of January their commission is 1 1/2%. You will note that in the case of John Kenny we have allowed you 1 1/2%, this being a London & Lancashire since the 1st of January.

Trusting you will find the enclosed in order, we remain

Yours very truly,

Fireproof Cabinets & Safes Ltd
Toronto Ont,

Dear Sirs:

Sometime ago I wrote you regarding an agency to sell your Cabinets and Safes, but did not accept the contract at that time owing to the financial conditions of the Country ,

As times are somewhat improved it might be possible to interest people in the purchase of something so essential, if arrangements could be made whereby I could have one of the small size boxes on exhibition in my office,

I am also interested in building a vault in the Town Hall in Beachburg with a number of safety deposit boxes in connection if you would be interested in the building of this kind I will be pleased to take up the matter further as to specifications etc,

awaiting your early reply

I beg to remain

yours truly
