WHEREAS the Council of the Corporation of the Township of Westmeath deems it expedient that a composite High School be constructed within the Cobden-Eganville High School Area;

WHEREAS the Village of Cobden, the Township of Ross and the Township of Westmeath have agreed that the said school should be constructed in the Village of Cobden;

WHEREAS the Village of Cobden, the Township of Ross and the Township of Westmeath represent better than 42% of the total assessment in the Cobden-Eganville High School Area;

WHEREAS the Township of Westmeath by a previous motion requested the said High School Board to construct the said school in the Village of Cobden but no action whatsoever was taken by the Board;

WHEREAS we are of the opinion that a majority of the ratepayers in the Township of Westmeath belonging to the Cobden-Eganville High School Area desire the school to be constructed in the Village of Cobden;

WHEREAS we are also of the opinion that, on economic grounds, the construction and operation of the said school would be more efficient in the Village of Cobden and that although the Department of Education has made a study of the problem the High School Board did not consider the location of the school from an economic standpoint.

WHEREAS the Council of the Corporation of the Township of Westmeath might consider withdrawing its approval of any debentures to be issued;

THEREFORE be it resolved that this Council petition the Ontario Municipal Board to investigate the matter before approval be granted for the construction of the said school.
