AND WHEREAS subject to the terms and conditions of this Agreement, the Township is willing to grant Klaesi non exclusive access to and the use of the Road Allowance, provided that such use will not unduly interfere with the public use and enjoyment of the Road Allowance and the Township's service requirements and use of the Road Allowance.

NOW THEREFORE in consideration of the mutual covenants and conditions contained herein, the parties agree as follows:

TERM:

- 1.1 This Agreement shall commence on the 17th day of April, 2013 and shall, unless renewed terminate five years after said date.
- 1.2 Notwithstanding the provisions of Section 1.1 herein, this Agreement shall automatically renew for successive one year periods on the same terms and conditions unless either the Township or Klaesi give written notice of non renewal to the other, not less than six (6) months prior to the expiration of this Agreement or any renewal term, at which time this Agreement shall terminate and on the day so named in such Notice this Agreement and all rights and privileges thereunder shall come to an end.

- 1.3 Notwithstanding the expiry or non renewal or termination of this Agreement, the liabilities and obligations of Klaesi, their contractors and agents under this Agreement, including all fees and payments, shall continue and remain in full force and effect with respect to the Road Allowance used by Klaesi until all of Klaesi's equipment is removed from the Road Allowance or a new Agreement is in place.

USE OF THE ROAD ALLOWANCE:

- 2.1 The Township hereby grants to Klaesi a non exclusive licence to enter upon and use the Road Allowance for the purpose of installing, operating, maintaining, locating and removing the equipment for a heat line subject to the terms and conditions contained in this Agreement and in accordance with all Federal, Provincial and Municipal statutes, laws and by-laws or the rules and regulations pertaining to the application and use of the Road Allowance or the equipment. For the purposes of this Agreement, "equipment" means Klaesi's high density pipe and any other chattels installed on the Road Allowance relating to the heat line.
- 2.2 Klaesi agrees that their use of the Road Allowance shall not unduly interfere with the public use and enjoyment of the Road Allowance.
- 2.3 Klaesi covenants and agrees that:
 - A. Ownership and title to the Road Allowance is vested in the Township.
 - B. Use of the Road Allowance under this Agreement shall not create or vest in Klaesi any ownership or property rights in the Road Allowance and Klaesi shall be and remain a non exclusive licensee of the Road Allowance.
 - C. Klaesi shall not register or permit to be registered any Instrument claiming an estate, interest or property right in the Road Allowance or other property of the Township in any real or personal property registry under or by virtue of Klaesi's use of the Road Allowance or this Agreement.
 - D. Klaesi shall not permit any lien to be filed or registered against the Road Allowance directly resulting from the operation or activities of Klaesi. Within thirty (30) days following notice from the Township to Klaesi of the existence of a lien, Klaesi shall commence the process of removing the lien from the title to the Road Allowance and shall diligently pursue its removal.
 - E. If this Agreement is terminated by the Township, any unfulfilled covenants, indemnities and obligations of Klaesi hereunder shall survive such termination.
 - F. The Township has made no representation or warranty as to the state of repair of the Road Allowance, the suitability of the Road Allowance and Klaesi hereby agrees to use the Road Allowance at its own risk on an "as is" basis.
- 2.4 The Township acknowledges that Klaesi owns the equipment.

APPROVAL OF LOCATION AND INSTALLATION:

- 3.1 Klaesi shall not install any of its equipment in, on, under, over, along or across the Road Allowance without providing complete drawings and other materials to the Township setting out the location and method of construction in the Road Allowance,

and obtaining the written approval of the Township with regards to the proposed location of the equipment. The Township shall establish the terms and conditions under which such work shall be undertaken by Klaesi.

- 3.2 Klaesi shall be required to register the location of the heat line with Ontario One Call (ONICall) and shall provide Ontario One Call with complete drawings setting out the location of the heat line and any other documentation which may be required by Ontario One Call.
- 3.3 Prior to the installation of any equipment, Klaesi shall be required to utilize the services of Ontario One Call to determine the location of any other services or utilities in the area in which Klaesi wishes to install the heat line.

MANNER OF WORK:

- 4.1 All work conducted by Klaesi on the Road Allowance, including installation, maintenance and removal of its equipment, shall be subject to the following conditions:
 - A. All work shall be conducted and completed to the satisfaction of the Township, in accordance with the Township's standards and regulations. Klaesi undertakes and agrees to construct, operate and maintain its equipment in accordance with good engineering practice and applicable Government Standards.
 - B. If Klaesi breaks the surface of the Road Allowance, Klaesi shall repair and reinstate the surface to substantially the same condition as it was before such work was undertaken to the satisfaction of the Township in accordance with the Township's standards as amended from time to time.
 - C. Klaesi shall, at their own expense, maintain that portion of the Road Allowance by repairing any settling caused by Klaesi's work in the Road Allowance, in accordance with the Township Standards.
 - D. If Klaesi fails to repair and reinstate the Road Allowance to the satisfaction of the Township, within ten (10) days of being notified by the Township, the Township may effect such repairs and charge all costs related thereto to Klaesi, which costs may be collected as if the costs were arrears of taxes.
 - E. The Township shall not be liable for any damage to Klaesi's equipment by reason of the work undertaken by the Township pursuant to this paragraph, except for any damage caused by the gross negligence of the Township.
 - F. If the Township requires the installation, maintenance or removal of the equipment to be stopped for any engineering or safety reasons, Klaesi shall cease all such installation, maintenance or removal forthwith upon receipt of such stop work notice from the Township. The Township shall provide written reasons to Klaesi within twenty-four (24) hours.
 - G. Klaesi is responsible for all installation, maintenance and removal of the equipment including the costs of such work.

- H. In the course of constructing, maintaining and repairing the equipment, Klaesi shall take all reasonable steps to protect all equipment already installed in the Road Allowance. Klaesi agrees to indemnify and save harmless the Township from any claims, demands, causes of action, loss, costs or damages that the Township may suffer, incur or be liable for resulting from the construction, maintenance or repair of the equipment by Klaesi.
 - I. After completion of any work related to the installation, maintenance, repair, replacement or removal of the equipment, Klaesi shall leave the Road Allowance in substantially the same condition and to the satisfaction of the Township.
 - J. Klaesi warrants its repairs to the Road Allowance for three (3) years from the date of completion.
- 4.2 Klaesi shall, within two (2) months of completing the installation of any equipment, provide two copies of drawings to the Township sufficient to accurately establish the location, elevation and length of equipment in a manner consistent with the level of detail and accuracy provided to the Township by similar utilities.
- 4.3 Klaesi shall provide the Township with emergency contact information and shall ensure that this information is always current.

ENVIRONMENTAL RESPONSIBILITY:

- 5.1 The Township is not responsible, either directly or indirectly, for any damage to property or injury to a person arising from the installation of the heat line. Klaesi assumes all liabilities relating to their use of the Road Allowance and hereby agrees to indemnify and save harmless the Township for any causes of action relating to Klaesi's use of the Road Allowance.

RELOCATION OR ADJUSTMENT OF EQUIPMENT:

- 6.1 If Klaesi's equipment must be relocated or adjusted for bona fide Municipal reasons, Klaesi shall, within forty five (45) days of receiving written notice from the Township, commence and diligently work to relocate or adjust its equipment within the Road Allowance. The parties shall work together in good faith to ensure that interruptions to the Klaesi's heat line are minimized.
- 6.2 In case of an emergency where public health and safety are affected, the Township, having first attempted to contact Klaesi, may take any measures it deems necessary for public safety with respect to the relocation or adjustment of the heat line at Klaesi's expense. The Township shall not be liable for any damage of any nature caused to the equipment by reason of such relocation, and Klaesi hereby indemnifies and saves harmless the Township therefrom, save and except for damage caused by the gross negligence of the Township.

LIABILITY AND INDEMNIFICATION:

- 7.1 The Township shall not be responsible, directly or indirectly, for any damage to the equipment that might occur during its installation, maintenance or removal, nor is the Township liable for any losses, claims, charges, damages and expenses suffered by Klaesi or its agents while working on the Road Allowance, unless such damages, losses, costs and actions or claims are related to the gross negligence, willful acts or omissions of the Township, its officers, agents or employees.

- 7.2 Except in cases of the Township's gross negligence or willful misconduct, Klaesi covenants and agrees to indemnify and save harmless the Township, its agents, officers, elected officials, employees and assigns from and against all losses, claims, including a claim for injurious affection, charges, damages and expenses which the Township may sustain on account of the placement, installation, relocation or maintenance of the equipment on or under the Road Allowance. Klaesi will, upon demand and at its own risk and expense, defend all suits, actions and all other legal proceedings which may be brought or instituted by third persons against the Township on any such claim and will pay and satisfy any Judgment which may be rendered against the Township and will reimburse the Township for any legal expenses incurred in connection therewith. Klaesi's obligation to indemnify and save harmless the Township shall survive the termination of this Agreement.

INSURANCE:

- 8.1 Klaesi shall maintain insurance in sufficient amount and description as will protect Klaesi and the Township from any claims, damages, personal injury which arise from the placement of the heat line on the Road Allowance pursuant to this Agreement.
- 8.2 Klaesi covenants and agrees that:
- A. The limits of liability for personal injury, death, bodily injury and property damage, including loss thereof, shall not be less than Five Million Dollars (\$5,000,000.00) for each occurrence.
 - B. The Comprehensive General Liability Insurance shall be in the name of Klaesi and shall name the Township as an additional insured thereunder.

TERMINATION:

- 10.1 If Klaesi defaults in any of their obligations under this Agreement and fails to correct the default within sixty (60) days of written notice from the Township, the Township may, at its option, after written notice to Klaesi:
