Foresters Falls Jan 24th 1920

On the call of the Reeve a special meeting of Council was held in the Orange Hall here this day at 10 o'clock P.M. to receive the Report of Messrs Millar and Jamieson with reference to the sight for a Community Hall.

The Council after due consideration concluded that the only available sight was entirely too high as it would amount to almost the sum to be granted by the Government towards the cost of the building. In lieu thereof the Council propose building a hall on the old side which will serve for all Municipal purposes as well as for other public gatherings, provided the people of Foresters Falls and its vicinity contribute a substantial amount towards paying the increased ^{necessitated} cost by the larger sized building required for such public occasions.

Messrs Millar and Jamieson were appointed to get plans and estimates of a building suitable for such purposes
