Forestus Falls, Ont.

Dec 2, 1976

Ross Municipal Council met on December 2, 1976 to continue
the business of the regular meeting held last evening.

It was moved by Alvin Store seconded by Ray Bennett that
Council engage Mervin Jack to remove the snow from the sidewalk
area on the streets of Forestus Falls for the season 1976-77, at the rate
of \$10.00 per hour, with permission for snow piling to be agreed upon by
Mervin and one council member, with property owners, prior to snow
removal.

Moved by Alvin Store seconded by Ray Bennett that the Council
of the Township of Ross constitute the following regulations for Snow
Removal within the Township of Ross.

(1) That Township snow removal operators will not be held
responsible for damage caused by snow or equipment to private
property.

(2) That private property owners removing snow from their own
private driveways and business parking lots be piled on their own
property if possible or piled clear of the road shoulders on Township
Roads, unless otherwise agreed upon by Township Council, Street
Cleaning operator or Road Superintendent.

A copy of the letter from David Stewart explaining the Township's
responsibility at the end of the road into Elmer Byers' farm was sent to
John Jack and Leonard Beane.

Council agreed to appoint a new 4 member library board
before the coming year.

The meeting was adjourned
