

Forester's Falls, Ont.

Nov. 15, 1977

A special meeting of council was held on November 15, 1977 to discuss further the Luckabone subdivision with Don Dowdall representing Greer, Halloway & Associates.

It was suggested that an easement be granted to the Township to have control over the watermain if work is required on it.

Mr. Dowdall explained that the sub-division agreement also there is an easement on that particular lot also that lot owner pays taxes on the easement. Agreement should cover both phases of the sub-division.

The Township engineer could supervise the construction of the street.

The Township was advised that all future work on Albert Edwards Rd. must be done by the Township.

A brief report was given on the recreation meeting in Lefrere. The meeting was adjourned.
